

HYDRANT USE GUIDELINES

IMPORTANT: It is the responsibility of the hydrant user to protect against the possibility of water backflow and to protect the hydrant and meters from damage.

Items needed to use hydrant:

- Hose
- 1" open ended wrench or large crescent wrench
- RPZ – Backflow device

It is the responsibility of the hydrant user to provide these items. If you do not have access to these items, contact Taylor True Value Rental Center in Holland or a swimming pool installer for possible rental information.
