Per Jordan Tuttle
End of north side of bridge all the way to the south bridge and beyond needs to be cleaned out of fallen and dead trees blocking proper drainage.
Would like an inspection to see if could be cleaned out like was cleaned on the north side about one year ago.

Thank you!

Recommendations

Vegetation is blocking flow of drain. Mentioned that mow would occur to Kai and Jordan that were present. Noticed pooling and stagnant water. Recommend sediment and debris removal. Need to contact landowner downstream about the blockage.
