Memorandum

TO: Board of Trustees
FROM: Steve Bulthuis
DATE: September 15, 2025
SUBJECT: METRO Act Right-of-Way Permit

Attached is a permit application from Metro Fibernet, LLC to establish a right-of-way permit under the state's Metropolitan Extension Telecommunications Rights-Of-Way Oversight Act (Act 48 of 2002). The METRO Act provides regulations governing the issuance of permits by the Township to telecommunications providers for access to and ongoing use of the public rights-of-way (ROW) within the Township. The METRO Act also requires telecommunication providers to obtain a permit from the Township for ROW use. Metro Fibernet, LLC seeks to establish their permit for five years.

It is recommended that a motion be approved to grant a ROW permit to Metro Fibernet, LLC as requested and authorize the Manager to execute the permit on the Township's behalf.

Please contact me if you have any questions concerning this request.

**METRO Act
Unilateral Form
Revised 12/06/02**

**RIGHT-OF-WAY
TELECOMMUNICATIONS PERMIT**

This permit issued this ____ day of _____, 2025 by Holland Township.

1 Definitions

- 1.1 Date of Issuance shall mean the date set forth above.
- 1.2 Manager shall mean Township's Manager or his or her designee.
- 1.3 METRO Act shall mean the Metropolitan Extension Telecommunications Right-of Way oversight Act, Act No. 48 of the Public Acts of 2002, as amended.
- 1.4 Municipality shall mean Holland Township, a Michigan municipal corporation.
- 1.5 Permit shall mean this document.
- 1.6 Permittee shall mean Metro Fibernet, LLC organized under the laws of the State of Nevada whose address is 3701 Communications Way, Evansville, IN 47715.
- 1.7 Public Right-of-Way shall mean the area on, below, or above a public roadway, highway, street, alley, easement, or waterway, to the extent Municipality has the ability to grant the rights set forth herein. Public Right-of-Way does not include a federal, state, or private right-of-way.
- 1.8 Telecommunications Facilities or Facilities shall mean the Permittee's equipment or personal property, such as copper and fiber cables, lines, wires, switches, conduits, pipes, and sheaths, which are used to or can generate, receive, transmit, carry, amplify or provide telecommunication services or signals. Telecommunication Facilities or Facilities do not include antennas, supporting structures for antennas, equipment shelters or houses, and any ancillary equipment and miscellaneous hardware used to provide federally licensed commercial mobile service as defined in Section 332(d) of Part I of Title III of the Communications Act of 1934, Chapter 652, 48 Stat. 1064, 47 U.S.C. 332 and further defined as commercial mobile radio service in 47 CFR 20.3, and service provided by any wireless, two-way communications device.
- 1.9 Term shall have the meaning set forth in Part 7.

2 Grant

- 2.1 Municipality hereby issues a permit under the METRO Act to Permittee for access to and ongoing use of the Public Right-of-Way identified on Exhibit A to construct, install and maintain Telecommunication Facilities on the terms set forth herein.
 - 2.1.1 Exhibit A may be modified by Manager upon written request by Permittee.
 - 2.1.2 Any decision of Manager on a request by Permittee for a modification may be appealed by Permittee to Municipality's legislative body.
- 2.2 Overlashing. Permittee shall not allow the wires or any other facilities of a third party to be overlashed to the Telecommunication Facilities without Municipality's prior written consent. Municipality's right to withhold written consent is subject to the authority of the Michigan Public Service Commission under Section 361 of the Michigan Telecommunications Act, MCL § 484.2361.
- 2.3 Nonexclusive. The rights granted by this Permit are nonexclusive. Municipality reserves the right to approve, at any time, additional permits for access to and ongoing usage of the Public Right-of-Way by telecommunications providers and to enter into agreements for use of the Public Right-of-Way with and grant franchises for use of the Public Right-of-Way to telecommunications providers, cable companies, utilities and other providers.

3 Contacts, Maps and Plans

- 3.1 Permittee Contacts. The names, addresses and the like for engineering and construction related information for Permittee and its Telecommunication Facilities are as follows:

The address, e-mail address, phone number and contact person (title or name) at Permittee's local office (in or near Municipality) is:

Louie Golec
Project Director
13470 E. Michigan Ave.
Galesburg, MI 49053
Email: louie.golec@metronet.com
Telephone: (847) 754-5430

- 3.1.1 If Permittee's engineering drawings, as-built plans and related records for the Telecommunication Facilities will not be located at the preceding local office, the location address, phone number and contact person (title or department) for them is:

Mark Stevens
Sr. Director Fiber Design
3701 Communications Way
Evansville, IN 47715
Email: mark.stevens@metronet.com
Tel: 812-916-4450

- 3.1.2 The name, title, address, e-mail address and telephone numbers of Permittee's engineering contact person(s) with responsibility for the design, plans and construction of the Telecommunication Facilities is:

Dave Fritz
Senior Director of Construction
13470 E. Michigan Ave
Galesburg, MI 49053
Email: david.fritz@metronet.com
Tel: 812-213-1534

- 3.1.3 The address, phone number and contact person (title or department) at Permittee's home office/regional office with responsibility for engineering and construction related aspects of the Telecommunication Facilities is:

Metronet NOC
Email: mfn-noc@metronet.com
833-673-1215

- 3.1.4 Permittee shall at all times provide Manager with the phone number at which a live representative of Permittee (not voice mail) can be reached 24 hours a day, seven (7) days a week, in the event of a public emergency.

- 3.1.5 Permittee shall immediately notify Municipality in writing as set forth in Part 12 of any inaccuracies or changes in the preceding information.

- 3.2 Route Maps. Within ninety (90) days after the substantial completion of new Facilities in a Municipality, a provider shall submit route maps showing the location of the Telecommunication Facilities to both the

Michigan Public Service Commission and to the Municipality, as required under Section 6(7) of the METRO Act, MCLA 484.3106(7).

- 3.3 As-Built Records. Permittee, without expense to Municipality, shall, upon forty-eight (48) hours notice, give Municipality access to all "as-built" maps, records, plans and specifications showing the Telecommunication Facilities or portions thereof in the Public Right-of-Way. Upon request by Municipality, Permittee shall inform Municipality as soon as reasonably possible of any changes from previously supplied maps, records, or plans and shall mark up maps provided by Municipality so as to show the location of the Telecommunication Facilities.

4 Use of Public Right-of-Way

- 4.1 No Burden on Public Right-of-Way. Permittee, its contractors, subcontractors, and the Telecommunication Facilities shall not unduly burden or interfere with the present or future use of any of the Public Right-of-Way. Permittee's aerial cables and wires shall be suspended so as to not endanger or injure persons or property in or about the Public Right-of-Way. If Municipality reasonably determines that any portion of the Telecommunication Facilities constitutes an undue burden or interference, due to changed circumstances, Permittee, at its sole expense, shall modify the Telecommunication Facilities or take such other actions as Municipality may determine is in the public interest to remove or alleviate the burden, and Permittee shall do so within a reasonable time period. Municipality will attempt to require all occupants of a pole or conduit whose facilities are a burden to remove or alleviate the burden concurrently.
- 4.2 No Priority. This Permit does not establish any priority of use of the Public Right-of-Way by Permittee over any present or future permittees or parties having agreements with Municipality or franchises for such use. In the event of any dispute as to the priority of use of the Public Right-of-Way, the first priority shall be to the public generally, the second priority to Municipality, the third priority to the State of Michigan and its political subdivisions in the performance of their various functions, and thereafter as between other permit, agreement or franchise holders, as determined by Municipality in the exercise of its powers, including the police power and other powers reserved to and conferred on it by the State of Michigan.
- 4.3 Restoration of Property. Permittee, its contractors and subcontractors shall immediately (subject to seasonal work restrictions) restore, at Permittee's sole expense, in a manner approved by Municipality, any portion of the Public Right-of-Way that is in any way disturbed, damaged, or injured by the construction, installation, operation, maintenance or removal of the Telecommunication Facilities to a reasonably equivalent (or, at Permittee's option, better) condition as that which existed prior to the disturbance. In the event that Permittee, its

contractors or subcontractors fail to make such repair within a reasonable time, Municipality may make the repair and Permittee shall pay the costs Municipality incurred for such repair.

- 4.4 Marking. Permittee shall mark the Telecommunication Facilities as follows: Aerial portions of the Telecommunication Facilities shall be marked with a marker on Permittee's lines on alternate poles which shall state Permittee's name and provide a toll-free number to call for assistance. Direct buried underground portions of the Telecommunication Facilities shall have (1) a conducting wire placed in the ground at least several inches above Permittee's cable (if such cable is nonconductive); (2) at least several inches above that, a continuous colored tape with a statement to the effect that there is buried cable beneath; and (3) stakes or other appropriate above ground markers with Permittee's name and a toll-free number indicating that there is buried telephone cable below. Bored underground portions of the Telecommunication Facilities shall have a conducting wire at the same depth as the cable and shall not be required to provide the continuous colored tape. Portions of the Telecommunication Facilities located in conduit, including conduit of others used by Permittee, shall be marked at its entrance into and exit from each manhole and handhole with Permittee's name and a toll-free telephone number.
- 4.5 Tree Trimming. Permittee may trim trees upon and overhanging the Public Right-of-Way so as to prevent the branches of such trees from coming into contact with the Telecommunication Facilities, consistent with any standards adopted by Municipality. Permittee shall dispose of all trimmed materials. Permittee shall minimize the trimming of trees to that essential to maintain the integrity of the Telecommunication Facilities. Except in emergencies, all trimming of trees in the Public Right-of-Way shall have the advance approval of Manager.
- 4.6 Installation and Maintenance. The construction and installation of the Telecommunication Facilities shall be performed pursuant to plans approved by Municipality. The open cut of any Public Right-of-Way shall be coordinated with the Manager or his designee. Permittee shall install and maintain the Telecommunication Facilities in a reasonably safe condition. If the existing poles in the Public Right-of-Way are overburdened or unavailable for Permittee's use, or the facilities of all users of the poles are required to go underground then Permittee shall, at its expense, place such portion of its Telecommunication Facilities underground, unless Municipality approves an alternate location. Permittee may perform maintenance on the Telecommunication Facilities without prior approval of Municipality, provided that Permittee shall obtain any and all permits required by Municipality in the event that any maintenance will disturb or block vehicular traffic or are otherwise required by Municipality.
- 4.7 Pavement Cut Coordination. Permittee shall coordinate its construction and all

other work in the Public Right-of-Way with Municipality's program for street construction and rebuilding (collectively "Street Construction") and its program for street repaving and resurfacing (except seal coating and patching) (collectively, "Street Resurfacing").

4.7.1 The goals of such coordination shall be to encourage Permittee to conduct all work in the Public Right-of-Way in conjunction with or immediately prior to any Street Construction or Street Resurfacing planned by Municipality.

- 4.8 Compliance with Laws. Permittee shall comply with all laws, statutes, ordinances, rules and regulations regarding the construction, installation, and maintenance of its Telecommunication Facilities, whether federal, state or local, now in force or which hereafter may be promulgated. Before any installation is commenced, Permittee shall secure all necessary permits, licenses and approvals from Municipality or other governmental entity as may be required by law, including, without limitation, all utility line permits and highway permits. Permittee shall comply in all respects with applicable codes and industry standards, including but not limited to the National Electrical Safety Code (latest edition adopted by Michigan Public Service Commission) and the National Electric Code (latest edition). Permittee shall comply with all zoning and land use ordinances and historic preservation ordinances as may exist or may hereafter be amended.
- 4.9 Street Vacation. If Municipality vacates or consents to the vacation of Public Right-of-Way within its jurisdiction, and such vacation necessitates the removal and relocation of Permittee's Facilities in the vacated Public Right-of-Way, Permittee shall, as a condition of this Permit, consent to the vacation and remove its Facilities at its sole cost and expense when ordered to do so by Municipality or a court of competent jurisdiction. Permittee shall relocate its Facilities to such alternate route as Municipality, applying reasonable engineering standards, shall specify.
- 4.10 Relocation. If Municipality requests Permittee to relocate, protect, support, disconnect, or remove its Facilities because of street or utility work, or other public projects, Permittee shall relocate, protect, support, disconnect, or remove its Facilities, at its sole cost and expense, including where necessary to such alternate route as Municipality, applying reasonable engineering standards, shall specify. The work shall be completed within a reasonable time period.
- 4.11 Public Emergency. Municipality shall have the right to sever, disrupt, dig-up or otherwise destroy Facilities of Permittee if such action is necessary because of a public emergency. If reasonable to do so under the circumstances, Municipality will attempt to provide notice to Permittee. Public emergency shall be any

condition which poses an immediate threat to life, health, or property caused by any natural or man-made disaster, including, but not limited to, storms, floods, fire, accidents, explosions, water main breaks, hazardous material spills, etc. Permittee shall be responsible for repair at its sole cost and expense of any of its Facilities damaged pursuant to any such action taken by Municipality.

- 4.12 Miss Dig. If eligible to join, Permittee shall subscribe to and be a member of "MISS DIG," the association of utilities formed pursuant to Act 174 of the Public Acts of 2013, as amended, MCL § 460.721 et seq., and shall conduct its business in conformance with the statutory provisions and regulations promulgated thereunder.
- 4.13 Underground Relocation. If Permittee has its Facilities on poles of Consumers Energy, Detroit Edison or another electric or telecommunications provider and Consumers Energy, Detroit Edison or such other electric or telecommunications provider relocates its system underground, then Permittee shall relocate its Facilities underground in the same location at Permittee's sole cost and expense.
- 4.14 Identification. All personnel of Permittee and its contractors or subcontractors who have as part of their normal duties contact with the general public shall wear on their clothing a clearly visible identification card bearing Permittee's name, their name and photograph. Permittee shall account for all identification cards at all times. Every service vehicle of Permittee and its contractors or subcontractors shall be clearly identified as such to the public, such as by a magnetic sign with Permittee's name and telephone number.

5 Indemnification

- 5.1 Indemnity. Permittee shall defend, indemnify, protect, and hold harmless Municipality, its officers, agents, employees, elected and appointed officials, departments, boards, and commissions from any and all claims, losses, liabilities, causes of action, demands, judgments, decrees, proceedings, and expenses of any nature (collectively "claim" for this Part 5) (including, without limitation, attorneys' fees) arising out of or resulting from the acts or omissions of Permittee, its officers, agents, employees, contractors, successors, or assigns, but only to the extent such acts or omissions are related to the Permittee's use of or installation of facilities in the Public Right-of-Way and only to the extent of the fault or responsibility of Permittee, its officers, agents, employees, contractors, successors and assigns.
- 5.2 Notice, Cooperation. Municipality will notify Permittee promptly in writing of any such claim and the method and means proposed by Municipality for defending or satisfying such claim. Municipality will cooperate with Permittee in every reasonable way to facilitate the defense of any such claim. Municipality will

consult with Permittee respecting the defense and satisfaction of such claim, including the selection and direction of legal counsel.

- 5.3 Settlement. Municipality will not settle any claim subject to indemnification under this Part 5 without the advance written consent of Permittee, which consent shall not be unreasonably withheld. Permittee shall have the right to defend or settle, at its own expense, any claim against Municipality for which Permittee is responsible hereunder.

6 Insurance

- 6.1 Coverage Required. Prior to beginning any construction in or installation of the Telecommunication Facilities in the Public Right-of-Way, Permittee shall obtain insurance as set forth below and file certificates evidencing same with Municipality. Such insurance shall be maintained in full force and effect until the end of the Term. In the alternative, Permittee may satisfy this requirement through a program of self-insurance, acceptable to Municipality, by providing reasonable evidence of its financial resources to Municipality. Municipality's acceptance of such self-insurance shall not be unreasonably withheld.
- 6.1.1 Commercial general liability insurance, including Completed Operations Liability, Independent Contractors Liability, Contractual Liability coverage, railroad protective coverage and coverage for property damage from perils of explosion, collapse or damage to underground utilities, commonly known as XCU coverage, in an amount not less than Five Million Dollars (\$5,000,000).
- 6.1.2 Liability insurance for sudden and accidental environmental contamination with minimum limits of Five Hundred Thousand Dollars (\$500,000) and providing coverage for claims discovered within three (3) years after the term of the policy.
- 6.1.3 Automobile liability insurance in an amount not less than One Million Dollars (\$1,000,000).
- 6.1.4 Workers' compensation and employer's liability insurance with statutory limits, and any applicable Federal insurance of a similar nature.
- 6.1.5 The coverage amounts set forth above may be met by a combination of underlying (primary) and umbrella policies so long as in combination the limits equal or exceed those stated. If more than one insurance policy is purchased to provide the coverage amounts set forth above, then all policies providing coverage limits excess to the primary policy shall provide drop

down coverage to the first dollar of coverage and other contractual obligations of the primary policy, should the primary policy carrier not be able to perform any of its contractual obligations or not be collectible for any of its coverages for any reason during the Term, or (when longer) for as long as coverage could have been available pursuant to the terms and conditions of the primary policy.

- 6.2 Additional Insured. Municipality shall be named as an additional insured on all policies (other than worker's compensation and employer's liability). All insurance policies shall provide that they shall not be canceled, modified or not renewed unless the insurance carrier provides thirty (30) days prior written notice to Municipality. Permittee shall annually provide Municipality with a certificate of insurance evidencing such coverage. All insurance policies (other than environmental contamination, workers' compensation and employer's liability insurance) shall be written on an occurrence basis and not on a claims made basis.
- 6.3 Qualified Insurers. All insurance shall be issued by insurance carriers licensed to do business by the State of Michigan or by surplus line carriers on the Michigan Insurance Commission approved list of companies qualified to do business in Michigan. All insurance and surplus line carriers shall be rated A+ or better by A.M. Best Company.
- 6.4 Deductibles. If the insurance policies required by this Part 6 are written with retainages or deductibles in excess of \$50,000, they shall be approved by Manager in advance in writing. Permittee shall indemnify and save harmless Municipality from and against the payment of any deductible and from the payment of any premium on any insurance policy required to be furnished hereunder.
- 6.5 Contractors. Permittee's contractors and subcontractors working in the Public Right-of-Way shall carry in full force and effect commercial general liability, environmental contamination liability, automobile liability and workers' compensation and employer liability insurance which complies with all terms of this Part 6. In the alternative, Permittee, at its expense, may provide such coverages for any or all its contractors or subcontractors (such as by adding them to Permittee's policies).
- 6.6 Insurance Primary. Permittee's insurance coverage shall be primary insurance with respect to Municipality, its officers, agents, employees, elected and appointed officials, departments, boards, and commissions (collectively "them"). Any insurance or self-insurance maintained by any of them shall be in excess of Permittee's insurance and shall not contribute to it (where "insurance or self-insurance maintained by any of them" includes any contract or agreement providing any type of indemnification or defense obligation provided to, or for the benefit of

them, from any source, and includes any self-insurance program or policy, or self-insured retention or deductible by, for or on behalf of them).

7 Term

7.1 Term. The term ("Term") of this Permit shall be until the earlier of:

7.1.1 Five years from the Date of Issuance; or

7.1.2 When the Telecommunication Facilities has not been used to provide telecommunications services for a period of one hundred and eighty (180) days by Permittee or a successor or an assignee of Permittee; or

7.1.3 When Permittee, at its election and with or without cause, delivers written notice of termination to Municipality at least one-hundred and eighty (180) days prior to the date of such termination; or

7.1.4 Upon either Permittee or Municipality giving written notice to the other of the occurrence or existence of a default by the other party under Sections 4.8, 6, 8 or 9 of this Permit and such defaulting party failing to cure, or commence good faith efforts to cure, such default within sixty (60) days (or such shorter period of time provided elsewhere in this Permit) after delivery of such notice; or

7.1.5 Unless Manager grants a written extension, one year from the Date of Issuance if prior thereto Permittee has not started the construction and installation of the Telecommunication Facilities within the Public Right-of-Way and two years from the Date of Issuance if by such time construction and installation of the Telecommunication Facilities is not complete.

8 Performance Bond or Letter of Credit

8.1 Municipal Requirement. Municipality may require Permittee to post a bond (or letter of credit) as provided in Section 15(3) of the METRO Act, as amended [MCL § 484.3115(3)].

9 Fees

9.1 Establishment; Reservation. The METRO Act shall control the establishment of right-of-way fees. The parties reserve their respective rights regarding the nature and amount of any fees which may be charged by Municipality in connection with

the Public Right-of-Way.

10 Removal

10.1 Removal; Underground. As soon as practicable after the Term, Permittee or its successors and assigns shall remove any underground cable or other portions of the Telecommunication Facilities from the Public Right-of-Way which has been installed in such a manner that it can be removed without trenching or other opening of the Public Right-of-Way. Permittee shall not remove any underground cable or other portions of the Telecommunication Facilities which requires trenching or other opening of the Public Right-of-Way except with the prior written approval of Manager. All removals shall be at Permittee's sole cost and expense.

10.1.1 For purposes of this Part 10, "cable" means any wire, coaxial cable, fiber optic cable, feed wire or pull wire.

10.2 Removal; Above Ground. As soon as practicable after the Term, Permittee, or its successor or assigns at its sole cost and expense, shall, unless waived in writing by Manager, remove from the Public Right-of-Way all above ground elements of its Telecommunication Facilities, including but not limited to poles, pedestal mounted terminal boxes, and lines attached to or suspended from poles.

10.3 Schedule. The schedule and timing of removal shall be subject to approval by Manager. Unless extended by Manager, removal shall be completed not later than twelve (12) months following the Term. Portions of the Telecommunication Facilities in the Public Right-of-Way which are not removed within such time period shall be deemed abandoned and, at the option of Municipality exercised by written notice to Permittee as set forth in Part 12, title to the portions described in such notice shall vest in Municipality.

11 Assignment. Permittee may assign or transfer its rights under this Permit, or the persons or entities controlling Permittee may change, in whole or in part, voluntarily, involuntarily, or by operation of law, including by merger or consolidation, change in the ownership or control of Permittee's business, or by other means, subject to the following:

11.1 No such transfer or assignment or change in the control of Permittee shall be effective under this Permit, without Municipality's prior approval (not to be unreasonably withheld), during the time period from the Date of Issuance until the completion of the construction of the Telecommunication Facilities in those portions of the Public Right-of-Way identified on Exhibit A.

11.2 After the completion of such construction, Permittee must provide notice to Municipality of such transfer, assignment or change in control no later than thirty

(30) days after such occurrence; provided, however,

11.2.1 Any transferee or assignee of this Permit shall be qualified to perform under its terms and conditions and comply with applicable law; shall be subject to the obligations of this Permit, including responsibility for any defaults which occurred prior to the transfer or assignment; shall supply Municipality with the information required under Section 3.1; and shall comply with any updated insurance and performance bond requirements under Sections 6 and 8 respectively, which Municipality reasonably deems necessary, and

11.2.2 In the event of a change in control, it shall not be to an entity lacking the qualifications to assure Permittee's ability to perform under the terms and conditions of this Permit and comply with applicable law; and Permittee shall comply with any updated insurance and performance bond requirements under Sections 6 and 8 respectively, which Municipality reasonably deems necessary.

11.3 Permittee may grant a security interest in this Permit, its rights thereunder or the Telecommunication Facilities at any time without notifying Municipality.

12 Notices

12.1 Notices. All notices under this Permit shall be given as follows:

12.1.1 If to Municipality, to Clerk @ hct, holland mi.us with a copy to:

Michael Dalman
353 N. 120th Ave.
Holland, MI 49424

12.1.2 If to Permittee, to Metronet-Legal@metronetinc.com, with a copy to

General Counsel
11800 College Blvd, Suite 100
Overland Park, KS 66210

12.2 Change of Address. Permittee and Municipality may change its address or personnel for the receipt of notices at any time by giving notice thereof to the other as set forth above.

13 Other items

- 13.1 No Cable, OVS. This Permit does not authorize Permittee to provide commercial cable type services to the public, such as “cable service” or the services of an “open video system operator” (as such terms are defined in the Federal Communications Act of 1934 and implementing regulations, currently 47 U.S.C. §§ 522 (6), 573 and 47 CFR § 76.1500).
- 13.2 Effectiveness. This Permit shall become effective when Permittee has provided any insurance certificates and bonds required in Parts 6 and 8, and signed the acknowledgement of receipt, below.
- 13.3 Authority. This Permit satisfies the requirement for a permit under Section 5 of the METRO Act [MCL 484.3105].
- 13.4 Interpretation and Severability. The provisions of this Permit shall be liberally construed to protect and preserve the peace, health, safety and welfare of the public, and should any provision or section of this Permit be held unconstitutional, invalid, overbroad or otherwise unenforceable, such determination/holding shall not be construed as affecting the validity of any of the remaining conditions of this Permit. If any provision in this Permit is found to be partially overbroad, unenforceable, or invalid, Permittee and Municipality may nevertheless enforce such provision to the extent permitted under applicable law.
- 13.5 Governing Law. This Permit shall be governed by the laws of the State of Michigan.
